

Media Ministry May 21, 2008 meeting notes

Pictorial Directory – Activity Pages

What should these contain?

- Symbolism in church (e.g., stain glassed windows, wood carving, etc.)
- Transition of church growth – church then and now (e.g., church bldg changes, PD changes) Perhaps contact 25th anniversary team for pictures
- Watermark – photo of church?
- Decided to request 6 activity pages and have each one represent a different section of the Organizational Cross
 - Liturgical Life
 - Faith Formation
 - Congregational Life
 - Mission Ministry
 - Resource Ministry – this would be Staff page
 - 25th Anniversary

Where to get the pictures?

- Paul H has CD of Habitat for Humanity House
- Website should be a good source for some
- Ministry team leaders – decided to ask each to submit 1-2 pictures representative of their ministries
- Solicit some from the congregation
- Agreed deadline for picture submission has to be Monday, June 9 to give us enough time for our deadline of June 16.

Other discussions

We looked at the sample activity pages that Karie sent. We thought they were rather busy and would still like to see other examples. In addition, we need to see the options for the directory photo layout (how the pictures and names are displayed). We would really like to see some sample directories.

Actions:

- Mary Beth to send out photo request to ministry team leaders
- Jeanne to post a general request in the June 1 pewsletter
- Paul H to create an email mailbox [photos@gslchurch.org] for folks to send their electronic photos
- Paul P to ask Karie if her photographers could bring a few directories with different photo layouts that we may borrow

Wittenberg Wall – we still need to finalize the plans for this wall. How will the long shelf look?

Next meeting – Wednesday, June 4 at 7 pm
