

Media Ministry June 30, 2008 meeting notes

Pictorial Directory –

- The team worked on the Activity Pages – assigned which pictures will go on each page. We are still missing a few pictures (coffee house, congregational photo) that need to be captured.
- We decided to label most pictures.
- We would like a short paragraph on the history of GSLC for the 25th Anniversary Activity Page. We felt PD was the best person to write this.

Action:

Jeanne will send Paul H a listing of picture IDs for each page.

Paul H will create a CD of the picture assignments - 5 folders representing each page, each folder containing the assigned photos. This CD will be sent to CP Photo.

Paul P to ask PD about writing the 25th Anniversary blurb.

- We have to proof the directory.
- What was our final count for folks getting pictures taken? Was this good?
- We need to send Carico the details of the layout (activity and individual photos).
- Addresses in the directory: We assume CP will use the addresses supplied by ACS. How to proof and correct errors?

Proposal: See if CP can send us a proof of the address pages ASAP. Make a copy of the proof and leave it out in the Narthex, requesting that folks proof their individual entries. We will then send CP the corrections/amendments.

Paul P agreed to continue his role of being the lead contact with CP Photo and Karie Carico.

Next meeting – Wednesday, 23 July 2008
